Travel behaviour of owners of recreation vehicles

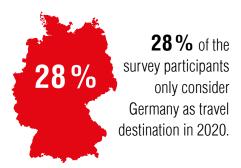

Together with the **German Caravanning Institute**, the **AL-KO Vehicle Technology Group** questioned 500 German-speaking owners of recreation vehicles in an online survey about their travel behaviour in times of the COVID-19 pandemic. The aim of the survey was to obtain a picture of the current mood of the owners of recreation vehicles. (The survey was conducted between April 9th and 19th, 2020)

stay as popular as before.

2/3 of the respondents are planning a trip in the following six months.

63% are currently uncertain if they can start their next trip.

27% are optimistic to carry out their trip.

10% assume that they won't go on vacations with their leisure vehicle and caravan this year because of the COVID-19 pandemic.

Planned (simple) distance for the next trip with the leisure vehicle or caravan

30% expect that pre-booking of campsites and parking spaces is only necessary during school holidays

Activities during the COVID-19 Pandemic in connection with the recreation vehicle

59% Care and Cleaning

57% Purchase of accessories and spare parts as well as repairs
