Kötz, Germany. On 1st September 2020, Markus Siegner (51) has been appointed as new Chief Operating Officer (COO) of the AL-KO Vehicle Technology Group. In his new role, he takes over the global leadership of all operative businesses of the company, which stands for high-quality chassis and chassis components for trailers, leisure and commercial vehicles. His responsibilities include the management, control and organization of the entire operative company processes in the areas of production, quality, logistics and purchasing. Markus Siegner succeeds David Kasul, who leaves the company on schedule after a four year assignment with great accomplishments.
